

One Step Ahead ry (OSA) – Operations Inspectors' Report 2023

We have carefully inspected One Step Ahead ry's financial and administrative documents to the extent to which they concern the bookkeeping and governance of the operating year 2022. These documents include the balance sheet, the profit and loss account (income statement), transaction vouchers, reimbursement forms, receipts, bank statements, the annual report, the budget plan, the action plan, the records (minutes) from the association's general meetings and the records (minutes) from the meetings of the association's executive committee (board).

Based on this inspection, we conclude that the documents provide a true and fair view of the association's operations and its financial position. The documents have been drawn up in accordance with the Finnish Association's act (503/1989), the Finnish Auditing Act (1141/2015) and the association's own rules (bylaws). We did not detect instances in which the operations (actions taken by the board or its members) would have harmed the association, nor did we detect violations of the law or the bylaws.

Operations inspectors,

24.02.2023 in Helsinki
